

Boulevard four

Derbi Boulevard 125 4t

DERBI

www.derbinoz.com.au

Derbi Boulevard is a comfortable and friendly daily commuter with cosmopolitan styling, good carrying capacity and proved durability.

Due to its low wheels (12"), reduced seat height, and compact dimensions riders can fully enjoy the urban freedom.

Attractive look due to a mix between classic forms and sporty design.

Quality and durability due to a proved platform and low emissions E3 engine.

- Front Ø200mm disc brake and hydraulic front fork for safe and precise driving and reduced braking distances
- Low and wide tyres, for optimised handling and stability and therefore safe riding
- Seat height (785) and reduced dry weight for better vehicle control
- Robust design, painted parts protected from scratching
- Powerful and large headlight, installed on handlebar for better vision
- Flat floorboard for easier commuting and carrying capacity
- Inner box for integral helmet storage
- Rack and top case as optionals for enlarged carrying capacity
- Proved Piaggio 125 4T LEADER powerplant for long service life
